

# **Stockton DWSC**

## **Demonstration Dissolved Oxygen**

### **Aeration Facility**

## **2008 Experimental Testing**

### **Overview**

**Bill McLaughlin  
DWR Bay-Delta Office  
March 23, 2010**

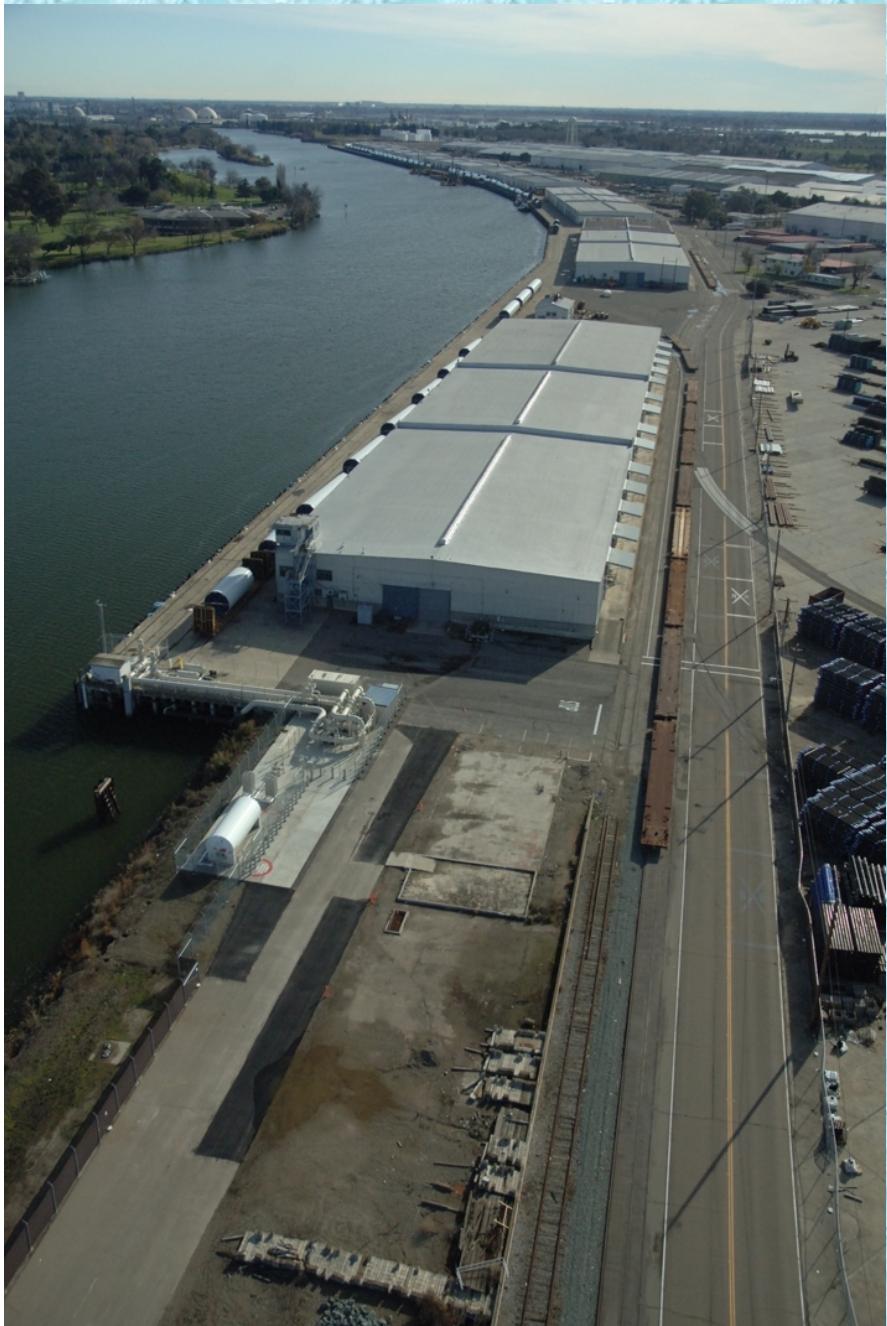

# **Overview of 2008 Experimental Testing**

- Aeration Facility
- Experimental area
- Monitoring locations at NA 40, 42, 43, 48, and RRI (Upper 3 Miles)
- Experimental dates
- Mode of operation during experimental testing
- Historical and recent DO in the DWSC
- Monitoring results

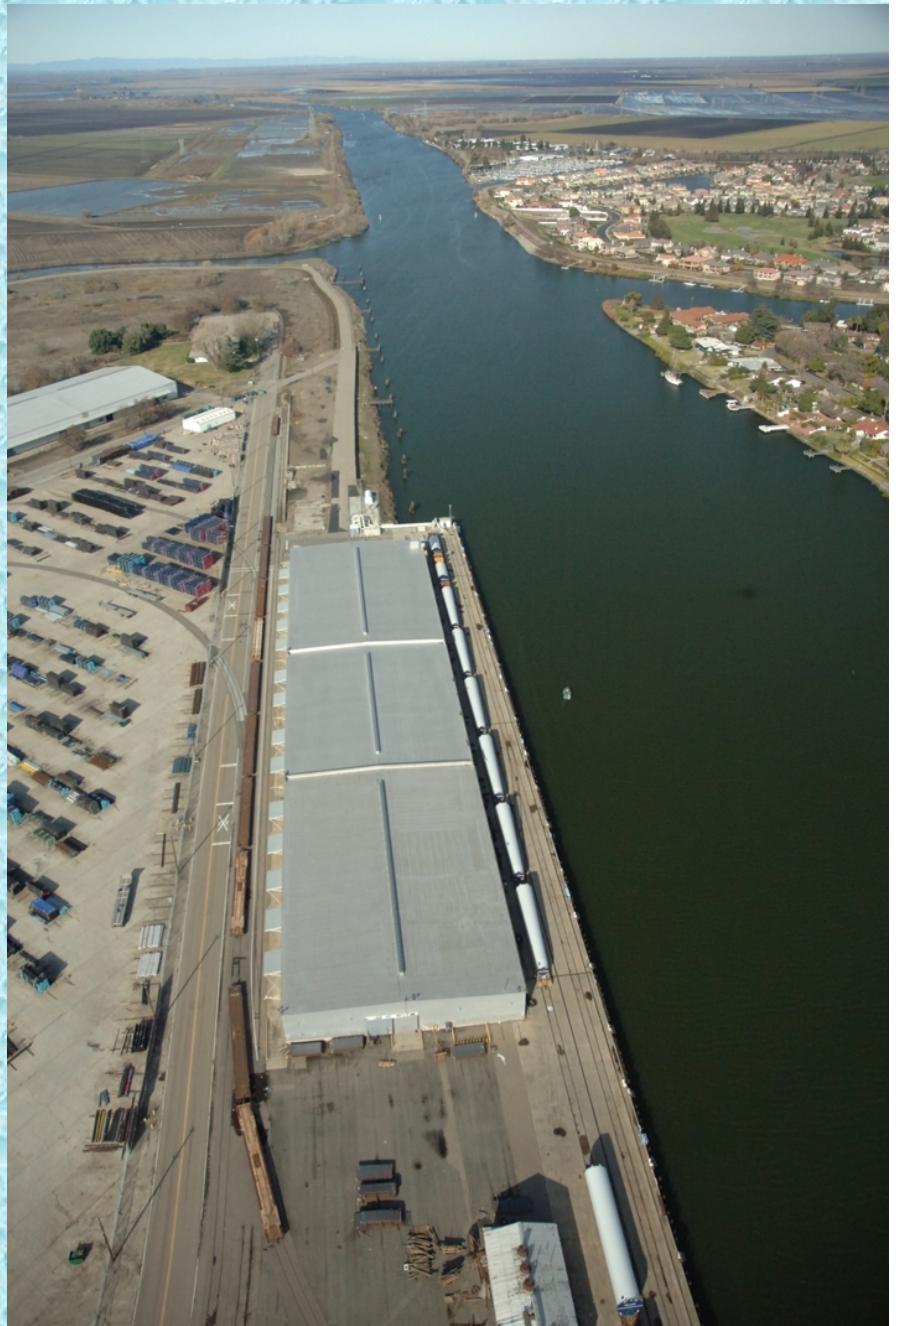

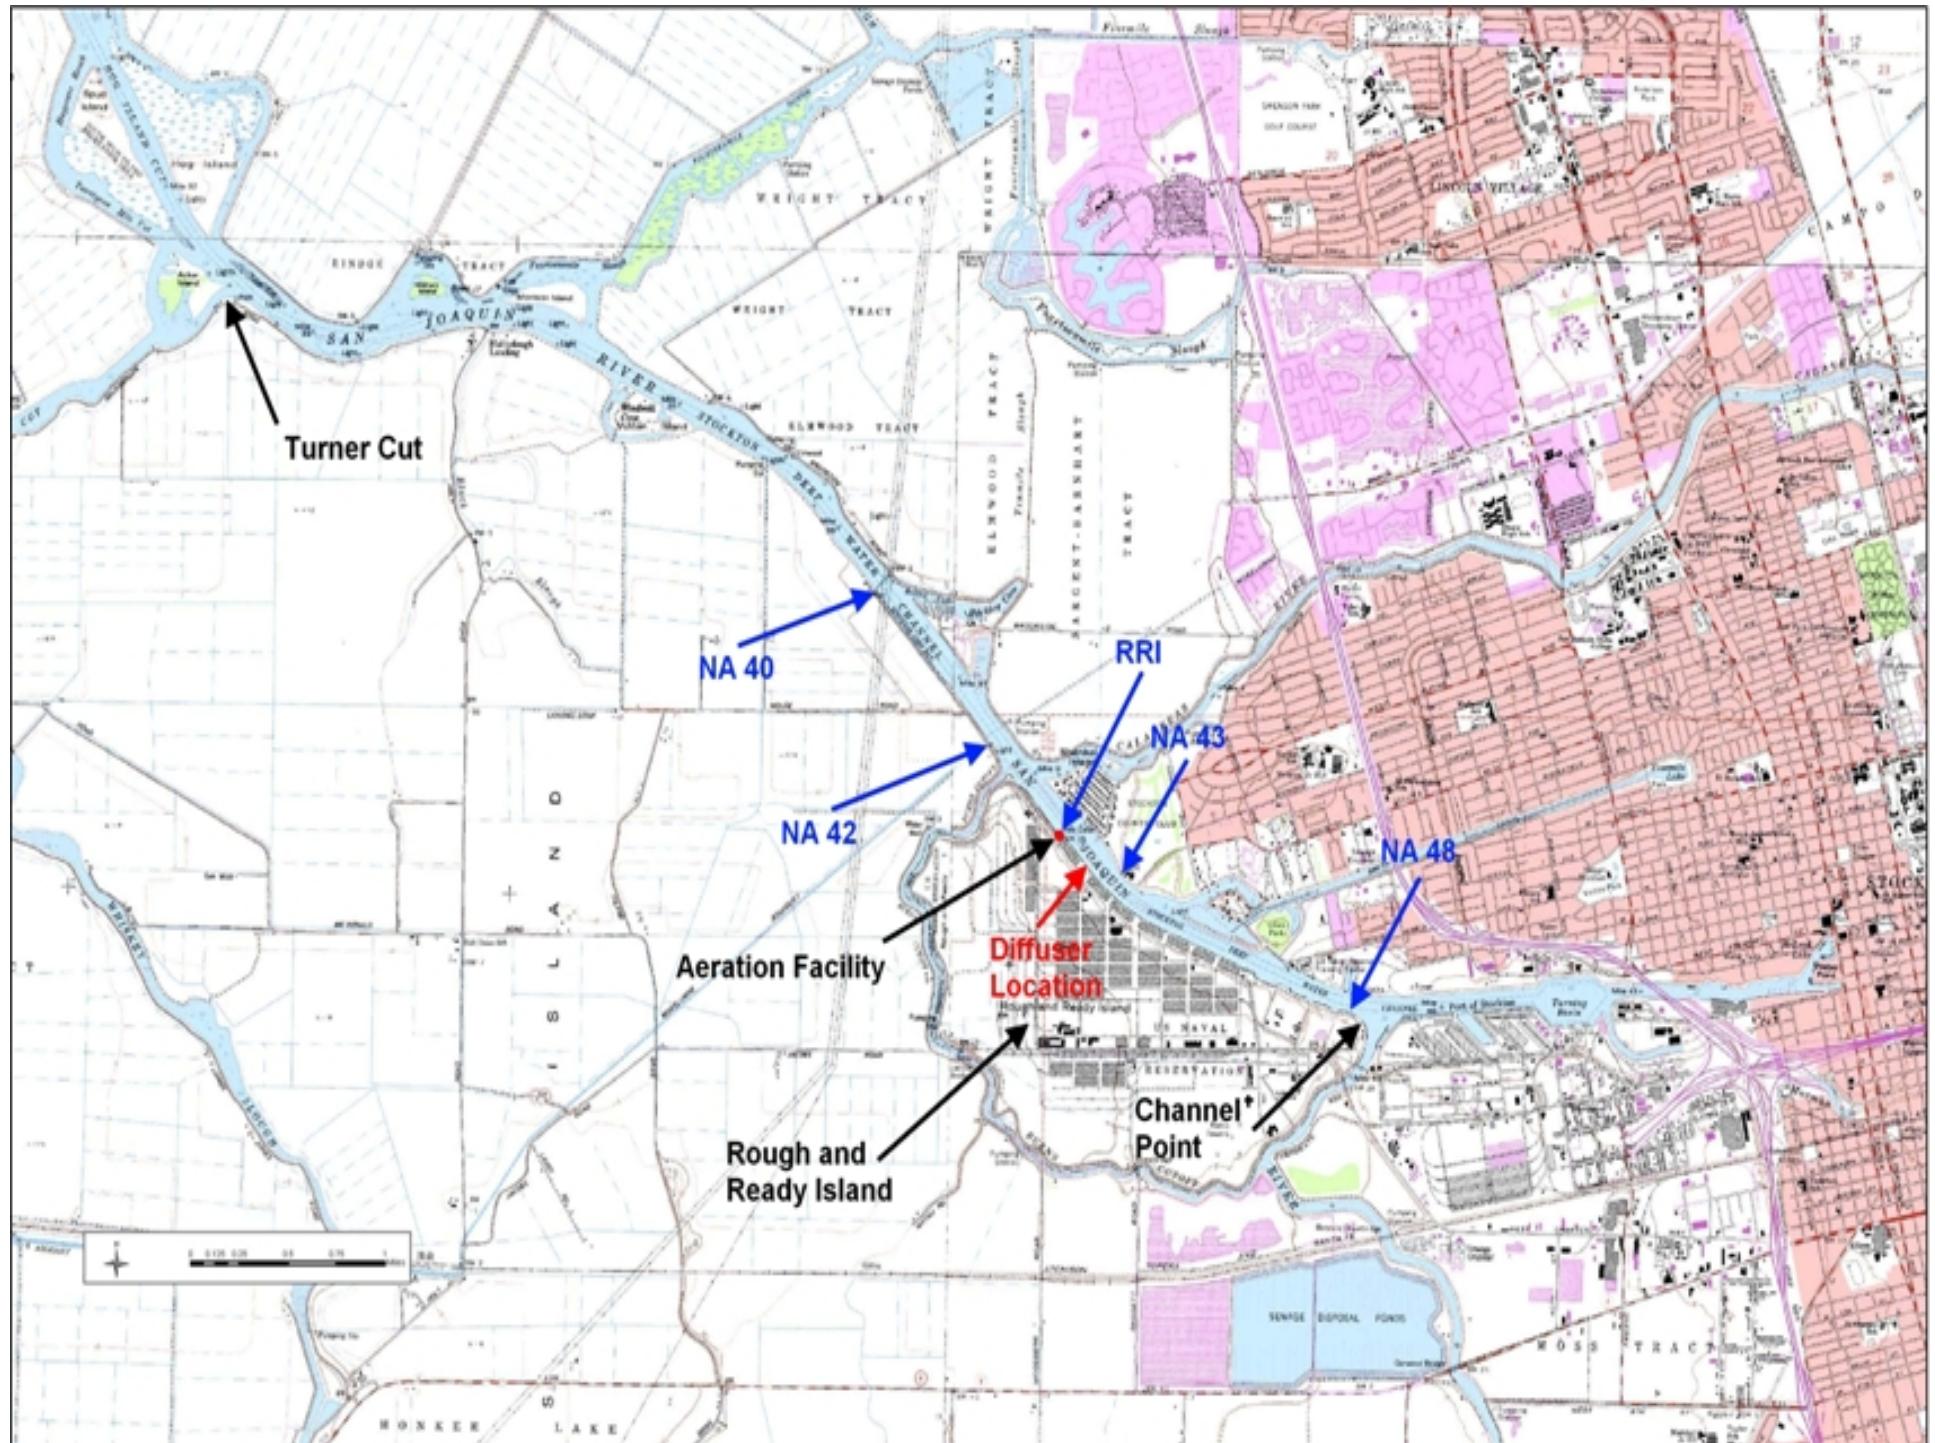

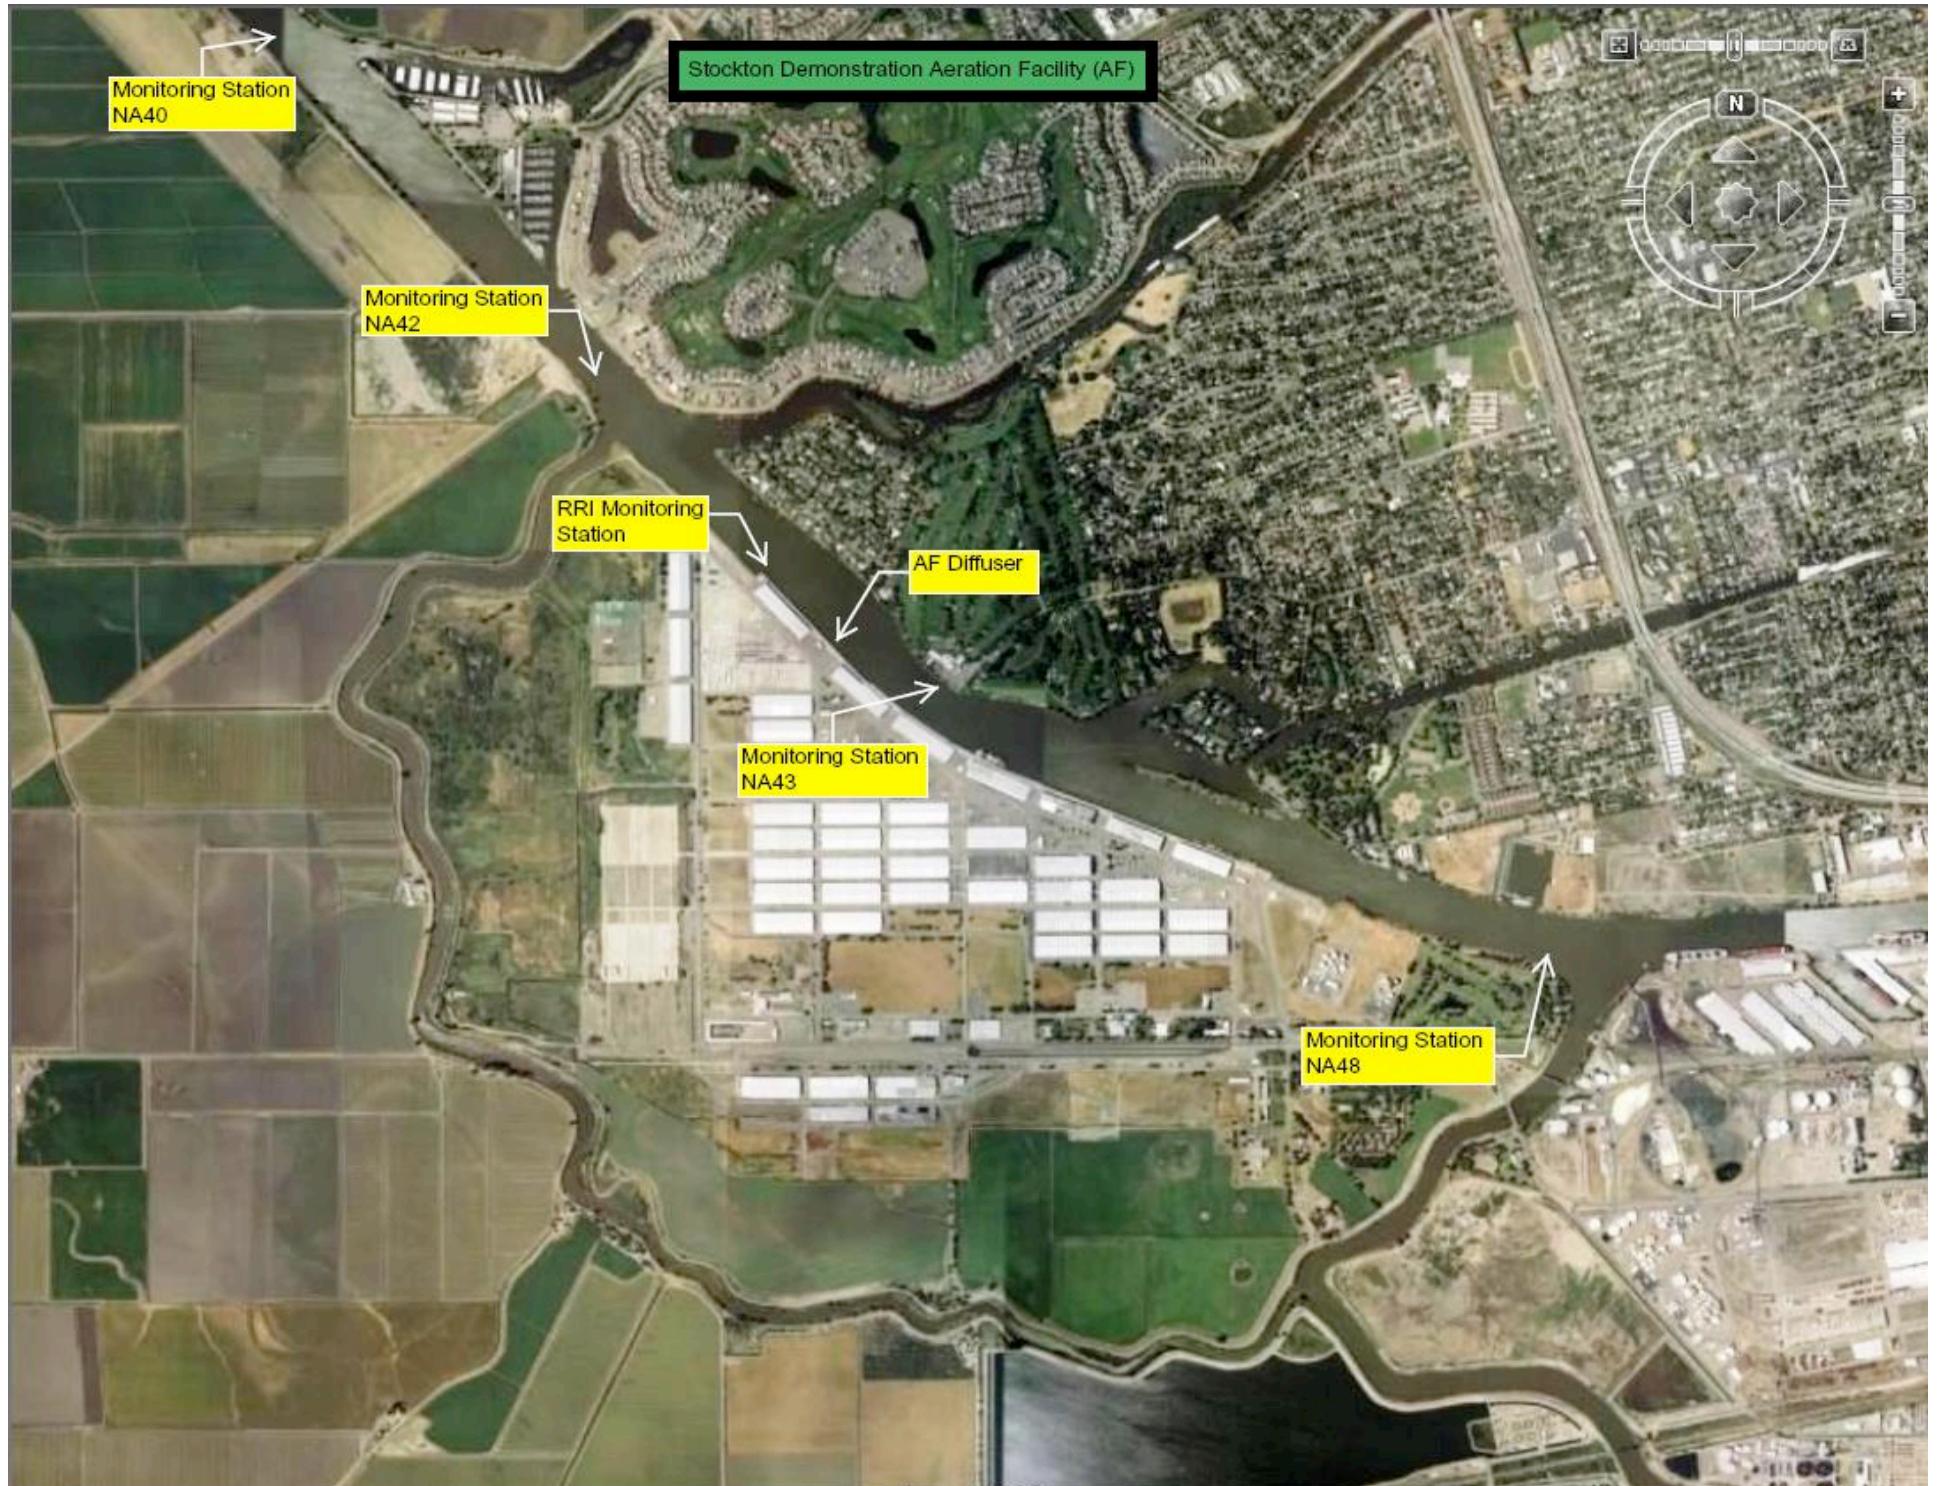

**Looking Upstream**

**Looking Downstream**

**Stockton DWSC Demonstration Dissolved Oxygen Aeration Facility**  
**Operational Testing Days in 2008**  
**58 days (24 hour period) over a 69 day period**

2008

# Rough and Ready Island Dissolved Oxygen Levels

## May to October 2001 & 2004

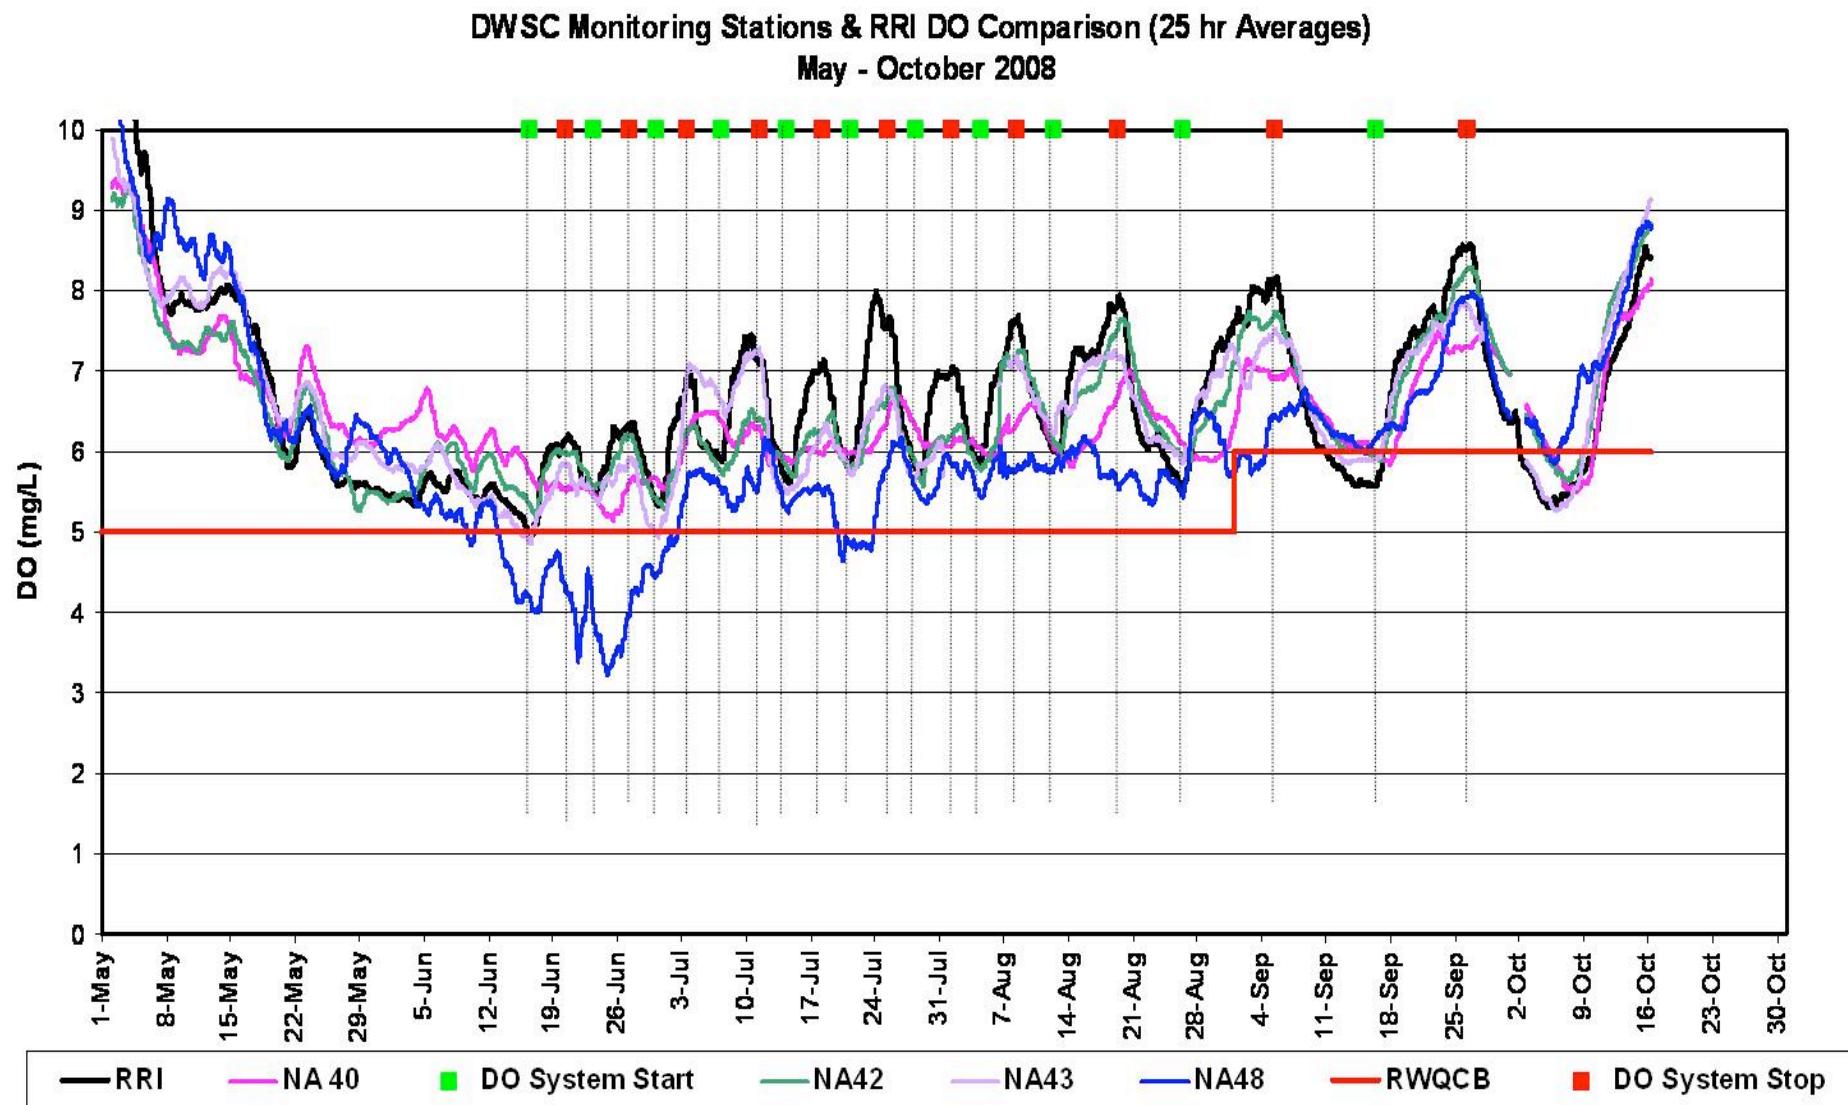

# Rough and Ready Island Dissolved Oxygen Levels

## May to October 2007 & 2008

Rough & Ready Island and NA 40, 42, 43, and 48  
25 hour averages (Full Tide Cycle)

# Other Items

## Experimental operations costs

- ~ \$1,200/day for liquid oxygen
- ~ \$1,200/day for power

## Fishery Study – UC Davis Bodega Marine Laboratory

- Draft and final reports this summer

## Reports

- “Initial Testing of Aeration Facility Capacity and Efficiency, August 2008”
- “Effects of the Head of Old River Barrier on Flow and Water Quality in the San Joaquin River and Deep Water Ship Channel – March 2010”
- Monthly monitoring data reports from 2008 - present

# **2010 Plan To Complete The Study**

- Additional operational tests
  - 2008 Operations Testing report in April 2010
- Additional efficiency tests
- Fishery study final report
  - Summer/Fall 2010
- Demonstration study final report
  - Fall 2010
- Long term operational agreement

An aerial photograph of a wastewater treatment facility situated along a coastline. The facility includes several large white cylindrical tanks, a network of white pipes, and a small blue-roofed building. In the background, there's a body of water with a small boat visible. The foreground shows a paved area with some industrial structures and equipment.
